ROBERT V. KISER, P.E.
Director of Engineering

July 25, 2014

Important Notice

Dear Random Road and Poe Road Neighborhood Residents:

A neighborhood meeting will be held on August 4, 2014 to discuss and coordinate the installation of a new water main along Random Road (Roper Road to Poe Road) and Poe Road (Princeton-Kingston Road to Random Road) and the proposed future extension of sidewalks along Poe Road.

The meeting has been scheduled for 7:00 PM in the Main meeting room of the Municipal Building at 400 Witherspoon Street. All interested residents are invited to attend.

The items to be discussed at the meeting include the following:

- The plan and construction schedule for the 8" watermain installation and individual house service replacements to be completed by the New Jersey American Water. The construction is anticipated to begin on or about August 11th.
- The proposed future master plan installation of sidewalks along Poe Road from Princeton Kingston Road to Random Road.

Princeton Mayor Liz Lempert and representatives from the Engineering Department, Police Department, the Princeton Sewer Operating Committee and the New Jersey American Water Company will be available to discuss the project and answer any questions you may have.

Residents are advised that the municipality will be imposing a 5-year moratorium on any street openings once the work is completed. Therefore, if you plan to upgrade or install new utility services such as gas, water, electric, etc., you should contact the respective utility company at this time to make the necessary arrangements.

I invite you to attend this meeting to view the proposed improvement plans and to discuss any concerns you may have regarding this project.

Sincerely,

Robert V. Kiser

Robert V. Kiser, P.E.
Director of Engineering
