Q. What is your name and how long have you lived in Princeton?

A. Charles L. Rojer, M.D. I have lived in Princeton for 13 years.

Q. How long have you been on the Board of Health?

**A. 1. Board of Health: 1year
2. Princeton Regional Health Commission: 6years.**

Q. What is your favorite part of being on the Board of Health?

A. The opportunity to be closely involved in the health of our community and try to make a contribution to our citizens' well-being.

Q. Why do you feel public health is so important?

A. "Health in All Policy" seems to me to be a valuable approach to insuring that the health and safety of our community is uppermost in any decision making of our governing body, and our responsibility is to make certain that it happens.

Q. What makes Princeton such an extraordinary place to be?

**A. 1. The amazing participation and involvement of our citizens in all aspects of governance and continued efforts of our officials to keep deliberations as open as possible.
2. The incredible opportunities for continued education, intellectual stimulation and community involvement through volunteering in worthwhile endeavors.**
