

On Monday 12-21-2020, the contractor will be transferring water service to houses # 40, 35, 32, and 24 Clover Lane. On Tuesday 12-22-20, the contractor will transfer # 16, 17 Clover Lane and 24 Deer Path. On Wednesday 12-23-2020, the contractor will do a tie-in to the existing 6" main near #24 Deer Path. You will be notified before your water is transferred. Water interruption when transferring your water service is 1-2 hours.

The leak on the section of Clover Lane is still being investigated. On Wednesday 12-23-20, the repair work should take place and the final 6 services on Clover Lane can be transferred.

Weather permitting, on Thursday 12-24-20, the contractor will be on-site performing smaller scale work. There will be no planned work to transfer services, turn off any water or any major excavations on Thursday. There will be no work on Friday, December 25, 2020.

The contractor will resume work activities next week.
