**RECONSTRUCTION OF BANK STREET AND NASSAU STREET (NJSH RT. 27) STREETScape**  
**(BAYARD LANE TO BANK STREET)**

**Project Update Notice No. 14**

**July 20, 2021**

Dear Bank Street Residents and Nassau Street Business Owners:

As of today, July 20, 2021, Earle Asphalt Company (EAC) has replaced curbs and sidewalks on Bank Street as well as on Hulfish Street and Chambers Street intersection. The curb at Nassau Street will be finalized in the coming weeks as some underground utility work remains. The road will be open for on-street parking as well as thru traffic until EAC returns on or about **Monday, August 2, 2021**. EAC's milling and paving crew is not available until this date. We encourage all residents to utilize the new sidewalks as well as their driveways.

Regarding the construction schedule, we are projecting final completion on or about **August 16, 2021**, weather permitting. When EAC returns to Bank Street on August 2<sup>nd</sup>, milling and paving activities will begin at Nassau Street working northbound towards Chambers Street. The Chambers Street intersection will be milled and paved at the same time Bank Street receives the final 2" top course pavement. Residents should expect limited vehicular access during milling and paving activities. A subsequent notice will outline in detail what to expect during the anticipated milling and paving activities.

Despite our best efforts to notify service providers, we advise that there will most likely be disruptions to garbage collection and recycling when work is taking place. Please report missed garbage pickups on Princeton's SeeClickFix system. Missed recycling pickups should be reported directly to the Mercer County Improvement Authority at (609) 278-8086.

Ian Baker, E.I.T., Construction Engineer, will be acting as the project manager; Inspectors Rich Decker and Tiffany Smith will be on-site each day while construction is occurring. Please visit the project webpage on Princeton's website at the [Bank Street Improvement Project webpage](#) for all of the latest project information and updates. To facilitate ease of communication regarding the project, please subscribe to receive text messages and/or email notifications on the municipal website at <https://www.princetonnj.gov/list.aspx>. To be added to the project E-mail list or if you require a translated version of this notice, please contact [jredeyoff@princetonnj.gov](mailto:jredeyoff@princetonnj.gov).

We appreciate your tolerance of the construction activities and everyone's cooperation while we work to improve the neighborhood!
