

**We invite you all  
to attend our  
GRAND OPENING**

**Thursday, September 18, 2014  
at 12:00 noon**

on the steps of Monument Hall  
1 Monument Drive.

The Municipality of Princeton is proud to announce a new community service for citizens. We call it Access Princeton – and its mission is to provide all **Princeton's** citizens with easy **Access** to information and responses they need in one easy “place”. As our tagline says - **ONE CALL DOES IT ALL**. Use Access Princeton for any and all non-emergency questions. While many larger municipalities offer similar citizen engagement services, Princeton is proud to be one of the few towns of our size to offer such a service.

Mayor Lempert will hold a press conference launching the new department. Join us for light refreshments and meet our staff. **We hope to see you at this great event!**
