### MEMORANDUM

TO: Robert Bruschi, Administrator

FROM: Robert V. Kiser, P.E., Director of Engineering

DATE: October 21, 2013

RE: **Route 206 - No Passing Zone Resolution of Support**

---

---

Attached herewith please find a letter form NJDOT dated September 25, 2013 requesting support to eliminate the current passing zone along Route 206 in the vicinity of Arreton Road.

The Princeton Traffic and Transportation Sub Committee met on October 15<sup>th</sup> and recommends that this remaining passing zone be eliminated. In doing so, there will be a No Passing Zone throughout the entire length of Route 206 through Princeton.

In this regard please find attached for Council's consideration a Resolution supporting the elimination of the remaining Route 206 no passing zone and thereby making the entire length of Route 206 through Princeton a No Passing Zone.

Please contact either me if you have any questions.

Dear Ms. McDermott:

This is in reference to an investigation conducted by the New Jersey Department of Transportation to inventory the existing centerline markings along Route US 206, in Princeton, County of Mercer.

Staff of the Bureau of Traffic Engineering (BTE) has completed an investigation. Based on this investigation, it has been recommended to revise the centerline pavement markings to a "No Passing Zone" along Route US 206 in the vicinity of Arretton Road (M.P. 56.45). Route US 206 will now be a No Passing Zone throughout the entire length of Princeton.

In order to legally establish the "No Passing Zones," the New Jersey Department of Transportation is required to promulgate a Traffic Regulation Order (TRO). An initial step in the TRO process is to receive a Resolution of Support from the municipal governing body. A recent decision by the New Jersey Attorney General's Office has prompted administrative changes regarding the TRO process. As a result of this administrative change, a Resolution of Support will now be required within 90 days.

Once this office is in receipt of the certified adopted Resolution of Concurrence from the Princeton governing body, a Traffic Regulation Order will be promulgated. The centerline markings will then be revised by NJDOT forces to reflect the "No Passing Zones." Enclosed is a sample Resolution of Concurrence for your use.

Should you have any questions, please feel free to contact Robert Smetanka, Principal Traffic Investigator, at 609-530-2657.

Sincerely,

Michael Mihalic  
Supervisor, Traffic Investigations
