### *MEMORANDUM*

**TO:** Mayor Elizabeth Lempert & Council

**FROM:** John Pettenati, Construction Official *P*

**DATE:** April 16, 2014

**RE:** Purchase of Vehicles

The Building Department is requesting your approval for (4) four New Vehicles in 2014. The cost of the vehicles have, already been budgeted for 2014. The new cars will be more economical and fuel efficient with the average mileage being 35 to 40 miles per gallon. In addition, these vehicles are all 4 wheel drive and will be available to police in emergency situations, as in the past.

The vehicles will be used primarily by the inspectors in the Construction Office.

We will then have 4 vehicles available for the Engineering Department ranging in years from 2001 and 2002 with a fuel efficiency of 25 to 30 miles per gallon; much more efficient than what they are currently using.

The current vehicles being used by Engineering are between (1997 and 1998) and are 16 to 17 years old, only getting 5 to 8 miles per gallon these cars can be auctioned off.

The Company we would like to purchase these vehicles from is as follows:
