# Juvenile Report-March 2014

## Juveniles Petitioned and Referred to Family Court

## Family Crisis or Mental Health Incidents

A sixteen year old female with a history of self mutilation refused to return to her home. The situation escalated with the juvenile flailing her arms at her father, screaming and threatening suicide. She was transported to the University Medical Center of Princeton at Plainsboro for psychological evaluation.

A sixteen year old female ran away with her boyfriend in defiance of her mother's household rules. She was later located at her sister's home and the family was referred to Mobile Response and Stabilization Services.

A fourteen year old female was accused of striking her mother in the face. Although insufficient evidence existed to establish Probable Cause for charges, the family continues to work with the Division of Child Protection and Permanency and other resources.

A thirteen year old boy, reported by his mother to have Autism and a brain injury, refused to get in his mother's vehicle. The boy became confrontational and threatening to his mother and the assisting police officers and was subsequently transported to Capital Health Medical Center for evaluation.

## Juvenile Victims

An eleven year old female was inappropriately touched on two separate occasions in the past by a thirty one year old male. The investigation resulted in the male being arrested and charged with two counts of Sexual Assault and Endangering the Welfare of a Child.
