SUBJ: Resolution to award Contract

Over the last several years, we have not replaced our police vehicles. This year the police department is replacing 4 vehicles. We have not had to replace any of the Mobile Data Terminals or Mobile Vision Camera's in the older vehicles. These older units are at end of life, and are no longer supported by the vendor for parts and labor. We need to upgrade the software as well, since the new units require newer software. I have attached 3 resolutions, to award NJ State Contract to the vendor L-3 Mobile Vision Inc. All three resolutions are under NJ State Contract A81311. All equipment was budgeted in the 2010-2013 Capital Budgets. The total cost is broken down below.

1. Mobile Data Terminals 4 ea. \$23,077.11
2. Mobile Vision Camera's 4 ea. \$23,856.36
3. Mobile Vision Camera Software \$11,757.99

I would like to recommend that the Mayor and Council approve a resolution authorizing the use of New Jersey State contract (A81311) to purchase the attached equipment and award the contract to L-3 Mobile Vision Inc at their June 9, 2014 Council meeting.
