Council Reports -

Ms. Howard reported that the Human Services Commission had collected over 100 book bags and that on September 20, 2015 they will be holding their Send Hunger Packing event. She also noted that grant money is being made available through the Mercer County Prosecutors Office for the purchase of body cameras for Police Departments and said that the Public Safety Committee will be looking into it. She also stated that the Legal Committee is reviewing two Senate bills concerning the Open Public Meetings Act and Open Public Records Act.

Ms. Crumiller reported that the new website design was moving forward.

Ms. Butler reported that the pool reached its 100,000 visitor this season.

Mr. Simon had no report.

Mayor Lempert reported that on September 10, 2015 a joint meeting will be held between Council and the Planning Board at Monument Hall to discuss the Affordable Housing Element and Fair Share Plan. She also stated that on September 16, 2015 a ribbon cutting was being held for the acquisition of the D'Ambrisi property.

Ms. Howard asked Mr. Dashield to update Council on the issue of the recent sewer assessment notices that went out to residents. Mr. Dashield explained that the assessments go back as far as 2004 for sanitary sewer projects that are still on the books as unconfirmed assessments. Mr. Hough explained to Council the process that takes place for an assessment to go from unconfirmed to finally being confirmed by Council and that billing from the Tax Collector takes place as the final step.

VII. PRESENTATIONS

1. Princeton University Update, Kristin Appelget, Director, Community & Regional Affairs

Kristin Appelget, Director, Community and Regional Affairs, Princeton University, gave an update on the Arts and Transit Project, the Merwick/Stanzworth Project, the abatement at Butler Tract, and the restoration work on the Carnegie Lake Dam. She also noted that Tiger Transit has confirmed new services from Palmer Square to the Hospital starting on September 8, 2015. Ms. Appelget also reported to Council that the University will install an eruv, a virtual boundary used as part of the Jewish religious law around most of campus and parts of town to enable observant Jews to carry essential items outdoors without breaking the Sabbath. She also stated that classes will start on September 16, 2015.

2. Sustainable Princeton, Diane Landis, Executive Director

Diane Landis, Executive Director and Christine Symington, Energy Director, Sustainable Princeton, reviewed a power point presentation with Council, outlining accomplishments and projects in 2015 and goals and initiatives for 2016. (Presentation attached)

RESOLUTION 15-263

Resolution for a Supplemental Professional Services Agreement with Valuation Consultants, LLC in the Not to Exceed Amount of \$4,900.00 for Temporary Easement Land Appraisals Along Cherry Valley Road

WHEREAS, the Municipality desires to enter into a supplemental professional services agreement in connection with certain activities being conducted by the Municipality, as hereafter more particularly stated, and

WHEREAS, the services to be performed are professional services which are exempt from public bidding under the Local Public Contracts Law; and

WHEREAS, the Municipality previously entered into a Professional Services Agreement, dated February 26, 2015, with Valuation Consultants LLC in the amount of \$4,900.00 related to land appraisal services associated with acquisitions for the Cherry Valley Road Improvement project; and

WHEREAS, a Resolution for an Amended Shared Services Agreement with Township of Montgomery for these consulting services was approved by both municipalities in October, 2014, providing for Princeton and Montgomery to share the costs of these services on a fifty/fifty percent (50%/50%) basis; and

WHEREAS, the Municipality desires to enter into supplemental professional services agreement with Valuation Consultants, LLC for the amount of \$4,900.00 related to temporary construction easements on the Montgomery Township side of Cherry Valley Road.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Municipality of Princeton as follows:

The Mayor and Clerk are hereby authorized to enter into a contract for professional services with **VALUATION CONSULTANTS, LLC** (hereinafter referred to as "Provider") as follows:

1. The contract so authorized shall require the Provider to provide services and other related duties, as follows:

Provider shall serve as a land appraisal consultant and shall perform the services provided for in their proposal dated July 31, 2015, in the not to exceed amount of \$4,900.00 related to the Cherry Valley Road Improvement project.

Under this Agreement, Provider shall at all times act as an independent professional contractor and not as an employee of the Municipality, and shall have no authority to act as an agent or representative of the Municipality or to enter into any financial or other contractual commitment on behalf of the Municipality without the prior written approval of same granted in accordance with law.

Payment of fees will be made upon the submission to the Provider to the Municipality of invoices in duplicate in the form prescribed by the Municipality not later than the tenth (10th) day of the month following that covered by the invoice, and shall specify in detail the periods for which fees are claimed for the services performed. The provider shall give written notice to the Municipality when the Provider has billed eighty (80%) of the compensation set forth in paragraph I of the Agreement.

2. The form of contract shall include standard provisions common to professional service agreements entered into by the Municipality and shall be subject to approval by the Municipal Attorney.

3. The contract shall be awarded without competitive bidding as a contract for professional services under the provisions of the Local Public Contracts Law because the subject services will be performed by a person or persons authorized by law to practice a recognized profession and whose practice is regulated by law.

4. A notice of this action shall be published in the Princeton Packet as required by law within ten (10) days of its passage.

RESOLUTION 15-265

Resolution Authorizing the Filing of a Recycling Tonnage Grant

A Resolution Authorizing the Filing of a Recycling Tonnage Grant

- WHEREAS, The Mandatory Source Separation and Recycling Act, P.L. 1987, c.102, has established a recycling fund from which tonnage grant may be made to municipalities in order to encourage local source separation and recycling programs; and
- WHEREAS, It is the intent and the spirit of the Mandatory Source Separation and Recycling Act to use the tonnage grants to develop new municipal recycling programs; and
- WHEREAS, The New Jersey Department of Environmental Protection has promulgated recycling regulations to implement the Mandatory Source Separation and Recycling Act;
- WHEREAS, The recycling regulations impose on municipalities certain requirements as a condition for applying for tonnage grants, including but not limited to, making and keeping accurate, verifiable records of materials collected and claimed by the municipality; and
- WHEREAS, A resolution authorizing this municipality to apply for such tonnage grants will memorialize the commitment of this municipality to recycling and to indicate the assent of the Mayor & Council of Princeton to the efforts undertaken by the municipality and the requirements contained in the Recycling Act and recycling regulations; and
- WHEREAS, Such a resolution should designate the individual authorized to ensure the application is properly completed and timely filed.
- NOW THEREFORE BE IT RESOLVED by the Mayor & Council of Princeton that the Mayor & Council of Princeton hereby endorses the submission of the 2014 Recycling Tonnage Grant to the New Jersey Department of Environmental Protection and designates Janet Pellichero, CRP, Recycling Coordinator, to ensure that the application is properly filed; and
- BE IT FURTHER RESOLVED that the monies received from the Recycling Tonnage Grant be deposited in a dedicated recycling trust fund to be used solely for the purposes of recycling.

- ❖ On Tuesday, July 7, 2015, Cpl. Solovay and K-9 Harris attended in-service training with the Mercer County Sheriff's Office K-9 Unit at the Dempster Fire Academy. After the in-service, the K-9 Teams in attendance provided a demonstration for the police recruits of the Mercer County Police Academy.
- ❖ On Wednesday, July 8, 2015, Cpl. Solovay and K-9 Harris conducted a K-9 demonstration for the Princeton Recreation Department Summer Camp Program. There were approximately 50 attendees present for the demonstration.
- ❖ On Friday, July 10, 2015, Cpl. Solovay and K-9 Harris conducted a precautionary explosives sweep on the Princeton University Campus at the request of Princeton University Public Safety.
- ❖ On Wednesday, July 29, 2015, Cpl. Solovay and K-9 Harris responded to a report of a fight in progress behind a business on Alexander Rd. Upon arrival, two individuals were still agitated and aggressive. Cpl. Solovay and K-9 Harris entered the area and the two parties immediately became calm.

Introduction

1 The following materials have been prepared by the chiefs and truck committee of the Princeton Fire Department (“PFD”) and are intended to address planning considerations with respect to fire apparatus resources in our community

2 **With the proper council approval and resolutions, the PFD seeks to purchase two (2) fire apparatus using funded capital accounts (2014 and 2015) and confirmed Princeton University financial commitments**

3 The chiefs and line officers believe that long-term thinking and deliberate fiscal planning are essential to the success of this valuable public and all-volunteer organization

These materials will focus on the following:

1. Princeton’s current apparatus needs
2. Apparatus replacement plan
3. Funding sources and uses

Appendix

- A. Overview of the Princeton Fire Department

1. Princeton's current apparatus needs

Princeton at a glance

Princeton is operating with 33% less fire apparatus than a decade ago, despite a significant amount of construction of high-occupancy dwellings and other large building projects in that same time

	2001	Today
Number of fire apparatus:	Engines: 5 Ladder/Quint/Tower: 1 Other (rescue/SS/Mini-pumper): 1 <u>Total apparatus: 7</u> Eng in service beyond safe useful life: 0 <i>Total apparatus: 7</i>	Engines: 2 Ladder/Quint/Tower: 1 Other (rescue/SS/Mini-pumper): 1 <u>Total apparatus: 4</u> Eng in service beyond safe useful life: 2 <i>Total apparatus: 6</i>

Selected examples of planned & recently completed construction of high-occupancy dwellings:

- *Hines Plaza*
- *Spring Street Apts*
- *Paul Robison Place*
- *Merwick / Stanworth Site*
- *Bunn Drive / Cooperwood*
- *Lawrence Apts*
- *Global Commons*
- *Bulter track Phase 2**
- *Stanworth Phase 2**
- *Lakeside Apts**
- *Avalon Bay**

Notes:

- * *Project not yet completed*
- 1. *List not inclusive*
- 2. *Does not include other building projects such as Art & Transit project, E Quad, Neuroscience, etc.*

Local fire protection comparison

Population figures based on 2010 US Census data

Municipality	Population	Number of fire apparatus per municipality	Residents protected per single fire apparatus
Ewing	35,790	14	2,556
Lawrence	33,472	9	3,719
East Windsor	27,190	10	2,719
West Windsor	27,165	11	2,470
Plainsboro	22,999	8	2,875
Montgomery	22,254	11	2,023
Hopewell	19,226	15	1,282
Robbinsville	13,642	4	3,411
Hightstown	5,494	4	1,374
Kingston	1,493	4	373
Rocky Hill	682	3	227
Average residents per apparatus			2,093
Princeton	28,572	5	5,714

Compared with surrounding municipalities, Princeton operates with significantly less fire apparatus per resident

1. Princeton's current apparatus needs

How are current resources affecting the PFD?

- 1 Apparatus being operated beyond it's useful active service life
 - 16 years as defined by the Fire Apparatus Duty Cycle White Paper
 - Less rotation of front line, active service apparatus
- 2 Greater reliance on mutual-aid apparatus creates significant delays and increases risk for members operating in early (and most dangerous) phase of incidents
- 3 PFD Members are using personal vehicles to respond to large-scale incidents
 - Difficult for commanders to maintain complete accountability (a key safety component) on scene
 - Causes delays and uncoordinated arrival of resources
- 4 A single aerial ladder apparatus is no longer sufficient to mitigate local risk
 - No aerial redundancy puts strain on town during mutual aid commitments and maintenance out of service periods
 - Presents firefighter safety issues on scenes of working fires at multiple dwellings, etc.
 - ISO rating will improve with addition of a second ladder/quint

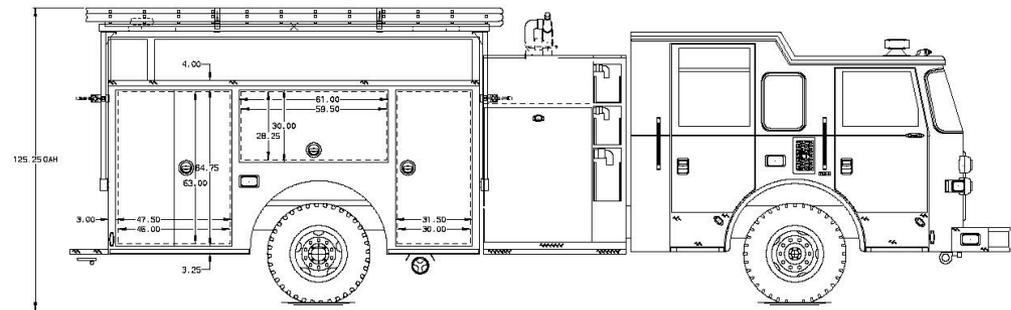

1. Princeton's current apparatus needs

What do we need to meet current needs?

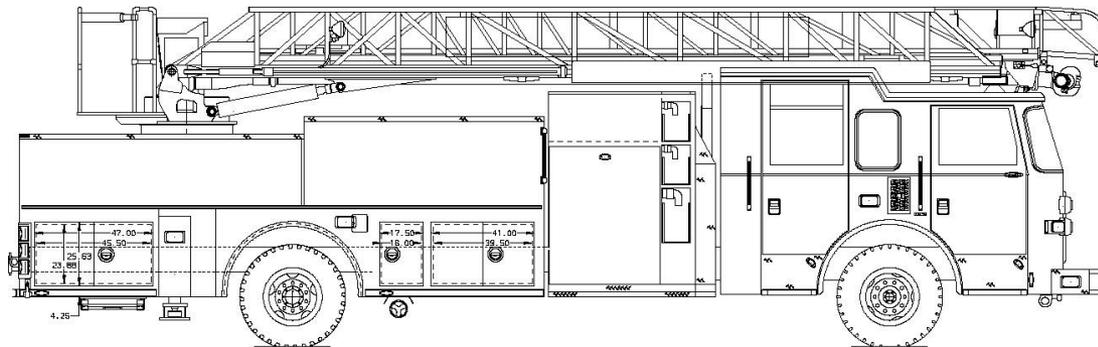

The two apparatus detailed on this page will return the PFD closer to historical levels and ensure adequate fire protection to our growing community

Pierce® Arrow XT Triple Combination Pumper

Same manufacturer as other apparatus in fleet, allowing PFD to streamline training of members across all apparatus

Pierce® Arrow XT 75' Rear Mounted Heavy Duty Aerial Ladder

These apparatus have been designed and spec'd by Pierce and are ready for purchase.

Serves as both an engine and a ladder, allowing Princeton to benefit from both functions

1. Princeton's current apparatus needs

How do these purchases help?

- Engine 602 (in service currently beyond safe useful life) replaced by new Engine
- Engine 601 (in service currently beyond safe useful life) replaced by new Quint/Ladder

Number of fire apparatus:	2001	2015	2016 (with approval)
Engines	5	2	3
Ladder/Quint/Tower	1	1	2
Other (rescue/SS/Mini-pumper)	1	1	1
<u>Total apparatus:</u>	<u>7</u>	<u>4</u>	<u>6</u>
Engine in service beyond safe useful life	0	2	0
<u>Total apparatus</u>	<u>7</u>	<u>6</u>	<u>6</u>

- *No apparatus beyond safe useful life (e.g. open cab) shall be used by members*
- *More sufficient aerial coverage to mitigate incidents in large new construction*
- *Apparatus coverage to population ratio more in-line with area standards*

2. Apparatus replacement plan

Current Apparatus Listing

Year	Apparatus	Disposition	Safe Operating Life	Repl. Year	Years Past Due	Replacement Specification

1. William Kramer noted in the 2011 Fire Department Study that apparatus should be replaced after 15years (16 years as defined by the Fire Apparatus Duty Cycle White Paper)

The spatial needs study, currently underway, will evaluate future apparatus replacement plans

Without following consistent apparatus replacement schedules , the PFD has incurred significant increases in annual maintenance costs and the liability of operating apparatus that fails to meet NFPA 1901 standards.

3. Funding Sources and Uses

Princeton University committed \$500k towards purchase

Sources of funds

Source of Funds	Description	Status	Amount
2014 Capital Budget	"Class A Pumper"	Funded	\$650,000
2015 Capital Budget	"Class A Pumper"	Funded	\$750,000
Princeton University Commitment	\$500k committed to town for purchase of fire apparatus	Committed	\$500,000
Reduction of required Municipal funds due to University commitment			(\$500,000)
Budgeted Capital Funds			\$1,400,000

Note: With the University commitment, the Municipality of Princeton would contribute only \$900,000 towards the apparatus purchases

Uses of funds

Use of Funds	Description	Amount
Pierce® Arrow XT Triple Combination Pumper.	Replace Engine 602	\$781,608
Pierce® Arrow XT 75' Rear Mounted Heavy Duty Aerial Ladder	Replace Engine 601	\$546,189
Related Fire Equipment for the outfitting of new apparatus	Hose, tools, SCBA, radios, etc	\$72,203
Total		\$1,400,000

3. Funding Sources and Uses

The PFD has found creative cost savings for Princeton

Co-Op Purchasing allows the PFD to purchase best-in-class apparatus at the most competitive prices

- Allows for the purchase of apparatus from Pierce, ensuring seamless integration into our existing fleet of Pierces
- Maximizes safe interoperability and effectiveness of drivers/operators and apparatus
- Princeton has experienced its lower maintenance cost levels with its Pierce apparatus than other manufacturers

Appendix A

Overview of the Princeton Fire Department

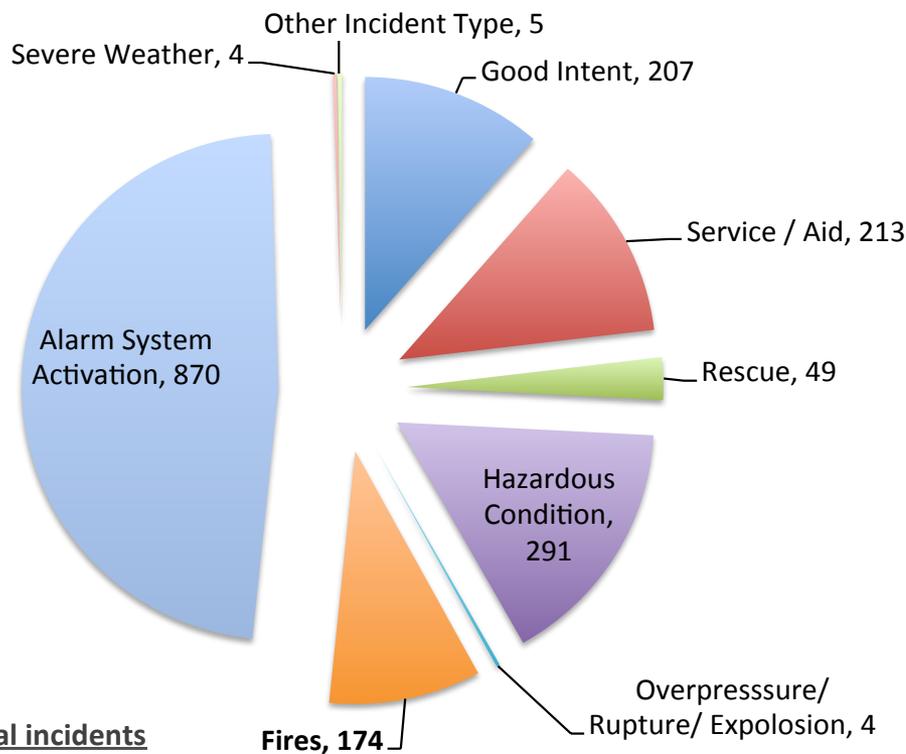

A. The Princeton Fire Department

What do they do?

The Princeton Fire Department responded to more than 1,800 calls since January 2013 and mitigated emergencies ranging from building fires to hazardous materials spills to vehicle accidents

Incident composition: January 2013 through August 2015 (32 months)

1,817 total incidents

Unlike many other local volunteer fire departments, the PFD must maintain the flexibility to respond to emergencies in:

- Residential areas
- High-traffic business districts
- High-rise buildings
- Student dormitories
- Elderly care facilities
- Local waterways
- Power co-generation facilities
- Research laboratories
- Among others

A. The Princeton Fire Department

How do they do it?

The Princeton Fire Department is staffed entirely of volunteer members who sacrifice exceedingly large amounts of time to life safety, incidents, training and administration of the Department

Total member commitment January 2013 through August 2015 (member-hours)

The minimum amount of training required for a new firefighter to operate at an emergency is 180 hours

Note:

1. Hours do not include department and company meetings, public events and clean-up time following incidents and training

Sustainable Princeton

Presentation to Princeton Council

Monday, August 24, 2015

We believe...

A community that works together,
shares diverse perspectives,
supports a local economy,
and finds creative ways to protect its air, water and soil
is an extremely healthy place to live, work and play.

We embrace community input from all sectors and believe in a collaborative process to build a livable, clean, vibrant community.

We are an independent nonprofit that receives the majority of our funding from grants and donations.

Goals

All of our work is currently focused on our goals to:

- Reduce waste to landfills 50% by 2016
- Reduce energy from fossil fuels 20% by 2020

We can't change
what we can't measure

2015 Research

- Diversity Report: *increasing representation and input on boards, committees and beyond*
- Report on Recyclability of 3-7 Plastics
- Business Recycle Report
- Baseline energy data: first town in state

To create positive change we
need trusted advisors &
a hub for reliable information

2015 Outreach & Education

- New Website
- Tweets
- Facebook
- Great Ideas Breakfasts
- E-Squad

We test new ideas & approaches
to create an even more livable
model greencommunity

2015 Model Programs

- Housewarming Project
- EnergySmart Buildings
- EnergySmart Homes
- Zero Waste Events
- Sustainable Jersey Certification
- Sustainable Princeton Leadership Awards

A shared vision around sustainability is the bridge that brings a community together.
