IMPORTANT NOTICE

IMPROVEMENT OF BANK STREET NEIGHBORHOOD MEETING NOTICE – MAY 17, 2016

Dear Bank Street Neighborhood Residents:

You are invited to attend a neighborhood design meeting, chaired by Mayor Liz Lempert, on Tuesday, May 17 at 7:30 pm in the Community Room located at 400 Witherspoon Street to discuss this project. If you are unable to attend this meeting, please email comments to dstockton@princetonnj.gov at your earliest convenience.

Since the first design meeting held on May 27, 2015, we have been investigating the feasibility of placing the overhead utilities in conduits and manholes underground, and working the various utility owners to reduce the scope of work involved. Current Board of Public Utilities (BPU) regulations require that the benefitted Bank Street and Nassau Street property owners pay for this installation. At this time, the estimated cost is anticipated to be approximately \$70,000.00 per property to complete this work in the public right of way. We seek input from the neighborhood to determine whether there is support to proceed with a formal process with Princeton Council to put such an assessment in place.

We will also provide an updated schedule for the project, pending a decision on the utility work.

If you have any questions or need additional clarification, please contact me at 609-921-7077 or dstockton@princetonnj.gov. To facilitate ease of communication regarding the project, please email jredeyoff@princetonnj.gov to be added to the project email list. A telephone list for the various project contacts is provided on the next page of this notice for your use.

Sincerely,

Deanna Stockton, P.E.
Assistant Municipal Engineer
