ROBERT V. KISER, P.E.
Director of Engineering

March 28, 2013

IMPORTANT NOTICE

Dear Ewing Street Neighborhood Residents:

On Monday, April 1, 2013, weather permitting, Top Line Construction, the Township's Contractor, is planning to start to repave sections of driveways that were impacted by the sidewalk and curb installation. The work is planned to begin at 7:00 AM and is anticipated to be completed by Friday, April, 5, 2013, weather permitting. Work hours will be between 7:00 AM and 5:00 PM.

During this time, residents should be prepared to remove vehicles from their driveways. Residents will be allowed to park on Cuyler Road and Hillside Road where work is not taking place. Vehicles should not be parked near or across from driveways in order to allow access for the paving equipment. In the event of inclement weather, the work will proceed on the following work day.

Access to driveways will be restricted after the work is completed to allow the asphalt to cool and set. In this regard, it is recommended that you not drive your vehicle over the new asphalt for a 24-hour period to allow it to cure. Provisions will be made for continued services such as mail delivery and garbage pick-up during this time.

You will receive an additional notice prior to the final paving of the roadway.

If the Engineering Department can be of assistance or if you have any questions, please contact Scott Hutchinson, Project Manager (cell phone 609-731-2631); Robert Killian, Construction Administrator; or myself at 921-7077.

Your assistance in continuing to tolerate the temporary inconvenience associated with this work, which will lead to a permanent improvement of your neighborhood is appreciated.

Sincerely

Robert V. Kiser, P.E.
Director of Engineering
