## IMPORTANT NOTICE REGARDING MOUNT LUCAS ROADWAY WORK

### FINAL PAVING NOTICE FOR MOUNT LUCAS ROAD BETWEEN VALLEY ROAD AND EWING STREET

On Tuesday, October 6<sup>th</sup>, weather permitting, the contractor plans to mill and install base pavement at the intersection of Ewing Street and Mount Lucas Road. In order to provide for this work, Mount Lucas Road will be closed from Jefferson Road to Poor Farm Road and Ewing Street will be closed between Route 206 and the N Harrison Street / Bunn Drive intersection during the working hours of 9 am to approximately 4 pm.

On Wednesday, October 7<sup>th</sup>, weather permitting, the contractor plans to install the final surface pavement at the intersection of Ewing Street and Mount Lucas Road and the above road closure will be in effect between the working hours of 9 am to approximately 12 noon. Once this work is completed, the contractor will continue to install final surface pavement on Mount Lucas Road from Ewing Street working toward Cherry Hill Road. In order to provide for this work, Mount Lucas Road will be closed to through traffic from Ewing Street to Cherry Hill Road during the hours of 9 am to approximately 6 pm. Provisions will be made for trash, emergency services vehicles and school busses. For residents living between Ewing Street and Laurel Road, if you require use of your vehicle on Wednesday, please remove your vehicle from your driveway by 9 am and park in a legal parking space on a roadway outside of these paving limits. Please refrain from any pedestrian foot traffic across the new pavement during work hours, as the pavement surface is very hot and susceptible to marring.

After the final paving of the roadway is completed, the roadway may not be driven upon for a 2-hour period up until approximately 6 pm. This restriction will prevent permanent damage to the pavement during its "curing period". Residents will then be allowed to return to their driveways once the road is opened. In the event of inclement weather, the work will proceed on the following day.

Looking ahead, on Wednesday, October 7<sup>th</sup>, weather permitting, the contractor plans to mill the existing pavement on Cherry Hill Road between Route 206 and Mount Lucas Road; Terhune Road from Route 206 to Mount Lucas Road; and Mount Lucas Road between Cherry Hill Road and Valley Road. In order to provide for this work, Cherry Hill Road will be closed between Route 206 and Mount Lucas Road; Terhune Road will be closed from Route 206 to Jefferson Road; and Mount Lucas Road will be closed between Cherry Hill Road and Valley Road during working hours of 9 am to approximately 4 pm. The businesses closest to Cherry Hill Road will remain accessible from Jefferson Road during the milling operation and after the milling is complete, from Cherry Hill Road.

**Additional notice will be provided regarding the final paving of these sections of roads which is planned to occur on Thursday, October 8<sup>th</sup> and Friday, October 9<sup>th</sup>, weather permitting.**

If you have any questions or concerns regarding this project, the following staff members can assist you:

- Richard Decker, Princeton Inspector – [rdecker@princetonnj.gov](mailto:rdecker@princetonnj.gov) or 609-751-6826 (mobile);
- Scott Hutchinson, Princeton Inspector – [shutchinson@princetonnj.gov](mailto:shutchinson@princetonnj.gov) or 609-731-2631 (mobile);
- Alina Ferreira, P.E., Construction Engineer – [aferreira@princetonnj.gov](mailto:aferreira@princetonnj.gov) or 609-921-7077 x 1285.

To facilitate ease of communication regarding the project, please email [jredeyoff@princetonnj.gov](mailto:jredeyoff@princetonnj.gov) to be added to the project email list.

Your assistance in tolerating the temporary inconvenience associated with this work, which will lead to a permanent improvement of your neighborhood, is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to be 'Alina Ferreira', with a long horizontal flourish extending to the right.

Alina Ferreira, P.E., Construction Engineer
