IMPORTANT NOTICE REGARDING MOUNT LUCAS ROADWAY WORK

NEW JERSEY AMERICAN WATER MAIN AND SERVICES IMPROVEMENT WORK

On Monday, August 3rd, and through the rest of the week, weather permitting, the New Jersey American Water (NJAW) company's contractor, CRJ Construction, will begin the house water services and fire hydrant installation work within the right-of-way on Mount Lucas Road between Cherry Hill Road and Laurel Road. In order to provide for this work, Mount Lucas Road will be closed to through traffic from Jefferson Road to Cherry Hill Road during working hours of 7 am to approximately 5 pm. When work is taking place on Mount Lucas Road at Laurel Road, Laurel Road will be closed to through traffic from Mount Lucas Road to Jefferson Road.

The switchover to the new house water service will require shut-off of the water for approximately 15 minutes. The switchover will be done one house at a time and will take place between the hours of 9 am and 3 pm. The contractor will knock on your door prior to shutting the water off to your house and after the switchover is complete.

Should inclement weather occur, the work will proceed the following business day. Mount Lucas Road will reopen at the end of each work day. Residents are advised to use caution when driving within the road closure area and allow additional time for travel. Provisions will be made for emergency services vehicles and for continued services such as brush collection, mail delivery, garbage and recycling pick-up.

Once CRJ Construction is finished with this work, Top Line Construction will return to complete the roadway repair work.
