IMPORTANT NOTICE REGARDING QUAKER ROAD PAVEMENT REPAIR WORK (ROUTE 206 TO MERCER ROAD)

Pavement repair work is planned on Quaker Road in two sections: one from Port Mercer to Mercer Road and the second from Mercer Road to Route 206. While this work is proceeding, the Mercer Road / Quaker Road intersection will remain open. The work is scheduled to begin on Monday, March 21st, weather permitting and will take approximately 4 days to complete. The work will start at Port Mercer and proceed north towards Mercer Road, and subsequently, from Mercer Road towards Route 206. No work will take place on the weekends or holidays and the road will be open on those days. In the event of inclement weather, the work will proceed the following business day.

Starting on Wednesday, March 23rd, weather and scheduling permitting, the municipality's contractor Top Line Construction, plans to mill the pavement on Quaker Road between Route 206 and Mercer Road. **In order to provide for this work, Quaker Road will be closed between Route 206 and Mercer Road during the hours of 7 am to approximately 5 pm.** The paving is tentatively scheduled for Thursday, March 24th. Additional notice will be provided.

If you require the use of your car during the work hours, please move your car to an alternate location, such as Parkside Drive. You will be able to move your car into your driveway at the end of the working day, once the road is opened to traffic.

Provisions will be made for continued services such as brush collection, mail delivery, garbage, recycling pick-up and school busses. The road will be reopened at the end of each work day and will remain open until the start of next work day.

If you have any questions or concerns regarding this project, the following staff members can assist you:

- Scott Hutchinson, Project Inspector – shutchinson@princetonnj.gov or 609-731-2631(cell)
- Alina Ferreira, P.E., Construction Engineer – afferreira@princetonnj.gov or 609-921-7077 x 1285

Your assistance in tolerating the temporary inconvenience associated with this work, which will lead to a permanent safety improvement of this roadway, is appreciated.

Sincerely,

Alina Ferreira

Alina Ferreira, P.E., Construction Engineer
