

Valley Road and Harris Road Project Update 9-23-16

Please note the majority of the work with the exception of milling and paving work has been completed on Valley Road. No work is planned for the next week, the week of September 26th. The milling and paving of Valley Road is on hold due to Executive Order 210. Additional notice will be provided prior to start of milling and paving work.

NJAW's water main upgrade including services within the public right-of-way on Harris Road between Valley Road and Guyot Avenue has been successfully completed.
