**IMPORTANT NOTICE REGARDING VALLEY ROADWAY WORK
BETWEEN N. HARRISON STREET AND WITHERSPOON STREET**

On Tuesday, November 8th through Friday November 11th contractor, S. Brothers, plans to mill and pave the base layer of asphalt on Valley Road from N. Harrison Street to Walnut Lane. **To provide for this work, Valley Road will be closed to traffic in multiple block groupings between N. Harrison Street and Witherspoon Street during the working hours of 7 AM to approximately 5 PM.** The intersections of Valley Road with N. Harrison Street and Witherspoon Street will remain open. Milling and paving the base layer of asphalt on Valley Road will take approximately four (4) days to complete. The work will begin at N. Harrison Street and continue west towards Witherspoon Street.

Due to weather restrictions, the paving of the top layer of asphalt on Valley Road (from Witherspoon Street to N. Harrison Street), Hickory Court, Harris Road and the intersection of N. Harrison Street with Valley Road is delayed until Spring 2017.

On Wednesday, November 9th, paving activities will occur between Walnut Lane and Jefferson Road. Please note the access to driveways will be restricted for approximately 8 hours when the work is directly in front of your property. **Residents of Valley Road between Walnut Lane and Jefferson Road should park on Walnut Lane or Jefferson Road prior to start of the work day, 7 AM.** Residents needing to access their driveways during work hours should contact Rich Decker, Princeton Project Inspector, who can assist in accommodating individual needs. As work progresses, a notice will be distributed to those affected residents of Valley Road on a daily basis. The Valley Road Princeton Public Schools Administration building will be accessible only from Witherspoon Street when work is directly in front of the building. Rich Decker, Princeton Project Inspector, will be on-site during this work.

For all residents of Valley Road, please have your garbage, organics and recycling ready the night before the pickup day as the hauler has been requested to do a pick up before 7AM. All residents are also kindly requested to wait until completion of this work before placing Brush, Logs and Leaves curbside.

Should inclement weather occur, the work will proceed the following business day. The roadway will reopen at the end of each work day. Provisions will be made for emergency services vehicles.

If you have any questions or concerns regarding this project, the following staff members can assist you:

- Richard Decker, Project Inspector – rdecker@princetonnj.gov or 609-751-6826 (mobile);
- Jeff Laux, Construction Engineer – jlaux@princetonnj.gov or 609-751-6388 (mobile).

To facilitate ease of communication regarding the project, please email jredeyoff@princetonnj.gov to be added to the project email list.

Your assistance in tolerating the temporary inconvenience associated with this work, which will lead to a permanent improvement of your neighborhood, is appreciated.

Sincerely,

Jeff Laux, Construction Engineer
