ROBERT V. KISER, P.E.
Director of Engineering

April 23, 2013

Important Notice

Dear Resident:

A neighborhood meeting will be held on Monday, May 6, 2013 to discuss the improvement of Moore Street, Park Place, Vandeventer Avenue, Branch Alley and Willow Street. The improvement work is planned to be bid in May and if all goes well construction would commence in late June or early July. The meeting will be held at 7:00 PM in the Main Meeting Room of the Municipal Building located at 400 Witherspoon Street. All interested residents are invited to attend.

Improvements to be discussed include sanitary sewer main and lateral rehabilitation work, drainage improvements, pavement reconstruction and the replacement of certain curbing and sidewalk where needed along the roadways.

Mayor Lempert, Council Member Jenny Crumiller, representatives from the Engineering and Police Departments, the Princeton Sewer Operating Committee and the Municipal Arborist will be available to discuss the improvements, and answer any questions you may have.

Residents are advised that Princeton will be imposing a 5-year moratorium on any street openings once the work is completed. Therefore, if you plan to upgrade or install new utility services such as gas, water, electric, etc., you should contact the respective utility company at this time to make the necessary arrangements.

I invite you to attend this meeting to view the proposed plans and to discuss any concerns you may have regarding the planned improvement of your neighborhood.

Sincerely,

Robert V. Kiser, P.E.
Director of Engineering
