Mr. Henry advised the Health Commission members of an alleged violation of State Law by passage of the Borough Salary Ordinance 2010-20. Grievances were filed by both inspectors against this action in December 2010 and January of 2011.

Since, Borough liaison Jo Butler was not present, the Commission decided to defer further discussion until Ms. Butler has been included in the conversations.

Mr. Henry advised the Commission that the Borough employee manual is outdated in reference to the inspectors' job titles. The Commission agreed to send a recommendation to Borough Administrator Robert Bruschi requesting job title changes for both inspectors.

The Commission returned to open session
