UPDATE

How to Help the Griggs Farm Fire Victims

Princeton Community Housing and Princeton Human Services is working closely with the victims of the Griggs Farm fire victims displaced by the December 27th fire to provide temporary housing and other immediate needs. There were 35 people displaced due to the fire and these organizations are monitoring their needs closely.

Princeton Community Housing is collecting monetary donations to provide temporary housing and other relief for the displaced victims. If you wish to make a monetary donation, please visit their website at www.princetoncommunityhousing.org for more information on how to contribute.

At this moment, we are still in need of universal gift cards or gift cards to retail stores and supermarkets. If you wish to donate these, please drop them off at Trinity Church located at 33 Mercer Street (enter through the Mercer St. entrance) from 9 am to 7 pm until January 6th.

If you are part of an organization and want to offer other type of assistance, you can call or email us at 609-688-2055 or ENeira@princetonnj.gov
