**IMPROVEMENTS TO LINDEN LANE AND SPRUCE STREET**

**Project Update Notice No. 16**

**October 27, 2020**

Dear Linden Lane and Spruce Street Neighborhood Property Owners and Residents:

**According to the contractor, work will resume starting tomorrow, October 28, 2020, weather permitting. The following construction activities listed below are expected to occur.**

- **Restore asphalt driveways.** Asphalt driveways will be sawcut, dug out, and restored with asphalt as marked by Princeton.
- **Restore gravel / stone driveways.** Gravel driveways will receive 3 to 6 feet of asphalt behind the new concrete sidewalks to discourage gravel displacement onto the sidewalks. The distance the asphalt being installed behind the new sidewalk is largely dependent on slope. Each gravel/stone driveway will be addressed on a case by case basis and the distance will be marked with spray paint.

Residents will be asked to remove their cars from their driveways if needed as you will not be able to move your vehicle in and out until after the pavement cures, which is expected to be by the end of the day.

While construction is underway, each roadway section, on a block-by-block basis, will be closed to all traffic Monday - Friday, 7:00 am - 6:00 pm. **On-street parking in the work area will also be prohibited while work is taking place. Residents should park on surrounding streets during construction work hours.** The road section will be open at the end of each work day and on the weekends. If you need to park overnight on the street, a temporary parking placard can be issued. Please contact Tiffany Smith, [tsmith@princetonnj.gov](mailto:tsmith@princetonnj.gov), to obtain a placard. Vehicle information will be given to parking enforcement and police to prevent tickets being issued.

Despite our best efforts to notify service providers, we advise that there will most likely be disruptions to garbage collection and recycling when work is taking place. Please report a missed trash pickup via SeeClickFix, or report a missed recycling pickup to Mercer County Improvement Authority (contact information for both on page 3). In cases of an emergency, the contractor will accommodate all emergency vehicles into a work zone. Access for services and deliveries within the construction limits shall be maintained at all times during construction. If special accommodations are required, please advise us at your earliest convenience.

Ian Baker, Construction Engineer, is the main point of contact. Ian Baker and Tiffany Smith, Inspector, will be on-site daily while the contractor is working to observe the work. A project contact list is provided on the next page of this notice.

We will send out regular notifications by email regarding the project progress, changes to access, etc. These notices will also be posted on the project website at: <https://www.princetonj.gov/resources/improvement-of-linden-lane-nassau-street-to-hamilton-avenue-and-spruce-street>. To facilitate ease of communication regarding the project, please contact [jredeyoff@princetonj.gov](mailto:jredeyoff@princetonj.gov) to be added to the project email list.

We appreciate your tolerance of the construction activities and everyone's cooperation while we work to improve the neighborhood!
