## We're working in your neighborhood!

PSEG is committed to providing safe, reliable natural gas to our customers. This requires maintaining, repairing or installing gas mains and services in the neighborhoods we serve.

Currently, we are performing underground gas construction work to maintain/upgrade gas mains and services at or near your residence.

If you have questions or would like a detailed explanation of the project, please call us directly at the phone number below and leave a message.

For information about final lawn and/or pavement restoration, look inside! And, as always, we are glad to be of service and appreciate your patience and understanding as we finalize our work!

Call before you dig.

## Attention!

During this process your gas will be shut off and your meter may need to be relocated and/or replaced.

We will contact you to arrange a date and time to do the work. Customers can expect to be without gas service for about 4 hours.

For more information on what streets will be impacted and when, visit [www.pseg.com/gaswork](http://www.pseg.com/gaswork).

## We're working in your neighborhood!

PSEG has completed the gas main upgrades  
in your neighborhood. Now that the ground has  
settled we are returning to restore roads with  
permanent paving.

**Our goal is to complete this work with minimal impact  
to customers. Police will be directing traffic, and  
residents will be able to drive on the roads once paving  
is complete. You will have access to your driveway  
throughout the work.**

If you have questions or would like a detailed explanation of  
the project, please call us directly at the phone number below  
and leave a message.

## Attention!

We are  
restoring  
roads near  
your residence.

We appreciate your patience and  
cooperation as we work to complete  
the streets.

Just a reminder:  
all restoration is weather dependent.
