IMPROVEMENTS TO LINDEN LANE AND SPRUCE STREET Project Update Notice No. 27 November 5, 2021

Dear Linden Lane and Spruce Street Neighborhood Property Owners and Residents:

As of today, November 5, 2021 please note that base pavement reconstruction been completed on this project, including concrete sidewalk repairs in various locations. Residents may park over the weekend on recently paved areas.

During the week of November 8, 2021, Verizon is scheduled to reset two manhole lids before installation of final pavement. Please be aware that Verizon's work may affect traffic temporarily while work is underway. Town wide brush pickup is scheduled for the week of November 8th. The Department of Public Works will be on site to collect brush as scheduled; please have your brush ready for pickup. **No municipal construction will occur on Thursday, November 11, 2021, in observance of Veterans Day.**

During the week of November 15, 2021, weather permitting, sanitary sewer main and lateral video inspection is scheduled to occur. The contractor will be inspecting the sanitary sewer main and laterals recently installed on Linden Lane between 39/40 Linden and Hamilton Ave and on Spruce Street between Maple Ave and Linden Lane. During video inspections, the roadway sections may be obstructed and access may be limited during the work hours of 7:00 a.m. – 6:00 p.m.

For everyone's safety, please use caution when driving in the work zones and be aware of construction equipment operating on the roadways. Please allow extra time for potential delays caused by construction activities. The road section will be open at the end of each work day and on the weekends. If Princeton residents need to park on surrounding streets during construction work hours or overnight on the street, a temporary parking placard can be issued. Please contact Tiffany Smith at tsmith@princetonnj.gov or Ian Baker at ibaker@princetonnj.gov, to obtain a placard. Vehicle information will be given to parking enforcement and police to prevent tickets being issued.

Garbage and recycling service providers have been notified of construction. Despite our best efforts, we advise that there will most likely be disruptions to garbage collection and recycling when work is taking place. Please report a missed trash pickup via SeeClickFix, or report a missed recycling pickup to Mercer County Improvement Authority (contact information for both on page 3). In cases of an emergency, the contractor can accommodate all emergency vehicles into a work zone. Access for services and deliveries within the construction limits shall be maintained at all

times during construction. If special accommodations are required, please advise us at the earliest convenience.

Ian Baker, Construction Engineer, is the main point of contact. Tiffany Smith, Engineering Inspector, will be on-site daily while the contractor is working to observe the work. A project contact list is provided on the next page of this notice.

We will send out regular notifications, by email regarding the project progress, changes to access, etc. as the work resumes. These notices will also be posted on the project website at <https://www.princetonnj.gov/238/Linden-Lane-Spruce-Moran-Avenue-Maple>. To facilitate ease of communication regarding the project, please contact jredeyoff@princetonnj.gov to be added to the project email list.

We appreciate your tolerance of the construction activities and everyone's cooperation while we work to improve the neighborhood!
